

REACH Declaration

Varioprint AG is a manufacturer of electronic products and thus in terms of the REACH regulations a so called downstream user.

The products we supply to you are solely non-chemical products (goods). Moreover and under normal and reasonably foreseeable circumstances of application, the goods supplied to you shall not release any substance. Hence Varioprint is under no obligation to register or provide safety data sheets (SDS).

In our own interest we follow the duty to supply this information very seriously in order to ensure a high supply chain security and product safety. We comply with the law according to REACH-regulation article 33 by following approach:

- We are in close contact with our suppliers of relevant raw materials used for the manufacturing process of our products in order to receive obligatory information if SVHC listed substances exceed a concentration of > 0.1%.

- We oblige our EU suppliers for goods used and processed in our products with a relevant quantity to inform us unasked and without delay in case the supplied goods consists of > 0.1% mass content of a SVHC listed substance.
- You would be promptly informed if such an information is submitted to us by one of our suppliers.
- From today's perspective and based on the information from our suppliers it cannot be expected that our products do contain SVHC listed substances above 0.1% mass content.

Furthermore, if you have more questions regarding the implementation of the Reach regulations in our company, do not hesitate to contact us.
